THE LANDMARK TIMES

The New Look Landmark Hotel is Unveiled

2008 witnessed the undertaking of a major refurbishment programme at the Landmark. The owners with their design company let their imaginations take flight to create a **New Look Landmark Hotel** that brings an even greater sense of luxury and style to this already award winning venue.

To date the Landmark has unveiled the exquisite re-styled **Grand Ballroom** wooing engaged couples and function guests alike with its dreamlike magic. Illuminated by a ceiling of exquisite chandeliers with light effects that take your breath away, the Ballroom has captured many a heart since unveiled in April.

Leading you to the Grand Ballroom, the **Pre-Reception** area oozes style, glamour and romance, living up to the Landmark's reputation for sophistication and elegance. The Landmark Hotel has gained a reputation for fabulous cocktails and under the guidance of the resident Mixologist, the 'Wedding-Tini' Reception, a Landmark Innovation, has become a regular feature of this stunning room.

The Hotel Lobby also received an innovative new look with a spherical water feature and a very different style

of luxurious seating, there is a warmth and welcome to greet all.

The programme continued into the **Boardwalk Café** and up stairs to the **Black Mint Bar** and will continue into the **New Year** with the unmasking of the new Bridal Suite in January.

Electric Lemon will Rock in the New Year in the Boardwalk Café!

Entry on the night will be on a first come basis. The party begins at 9pm with a Cocktail Reception - the launch of the Landmark Party-Tini. Electric Lemon will take to the stage at 10pm and rock us into 2009! The Party will continue with our resident DJ spinning the hits into the wee hours!
